

Mr Ladislav Hamran
President
College of Eurojust
Johan de Wittlaan 9
2517JR The Hague

Luxembourg, 28 October 2019

Dear Mr Hamran,

Re: Draft rules of procedure on the processing and protection of personal data at Eurojust

I am writing to you about the draft rules of procedure on the processing and protection of personal data at Eurojust submitted to the JSB by e-mail of 11 October 2019 by your Data Protection Officer.

I would like to inform you that, at our meeting on 24 October, we examined the draft rules and provided some input, which has been fully taken on board by your DPO in the version which she subsequently submitted to us for review via written procedure on 25 October.

I am pleased to inform you, on behalf of the JSB, of our decision to issue a positive opinion about the draft rules, which we consider a solid and comprehensive implementation of the data protection provisions of the Eurojust Regulation and Regulation 2018/1725 ensuring legal certainty, clarity and completeness.

We understand that the College of Eurojust will formally adopt the draft rules before submitting them to the EDPS for its formal consultation.

I would therefore like to kindly request you to refer the rules back to us for further consideration before such consultation should the College make any amendment to the text we have examined.

I thank you in advance for doing so.

Yours sincerely,

Lotty Prussen
Chair of the Joint Supervisory Body of Eurojust
