DATA PROTECTION NOTICE
regarding the processing of personal data in the context of Eurojust online Workshop on online piracy – illegal IPTV and illegal streaming (30.11.2023)

1. Context and Controller
The online workshop is an event organised by the Intellectual Property Crime Project at Eurojust. It aims to bring together IP practitioners from national judicial and law enforcement authorities to share experiences, best practices and developments in the criminal enforcement of online piracy with a particular focus on cases of illegal internet protocol television (IPTV) and illegal streaming.

The workshop will take place via the Eurojust Webex platform. For information regarding the collection and processing of personal data by Eurojust in the context of this event, please consult the DP notice for processing of personal data in the context of Infrastructure Log files.

The data controller is the Head of Casework Unit and can be contacted via the email address operations@eurojust.europa.eu.

2. What personal information do we collect, for what purpose, under which legal bases and through which technical means?

Types of personal data
The following personal data will be collected from the participants (speakers and attendees) during the event:
- screen name – provided by the participant before joining the event;
- time and date of accessing the Eurojust videoconferencing system;
- external IP address of user devices;
- reference to resources - such as Uniform Resource Locator (URL)/ web address of the accessed system.

As part of the nature of a collaborative tool, additional non-personal data may be included in the information that is exchanged between Eurojust and stakeholders, such as instant messages. Please note that there will be NO recording during the event by Eurojust.

The participants filled in an online registration form via the registration link provided by the Eurojust Events and Logistics Unit. To know more about the processing of personal data in this context, please check the relevant Data Protection notice.
Purpose of the processing

Personal data is processed in the context of this online event for the purpose of ensuring the effective collaboration and communication between Eurojust and its stakeholders, as well as guaranteeing Eurojust business continuity and compliance with applicable legal obligations. The processing is not intended for any other purposes.

Legal basis

Processing is necessary for the performance of tasks in the public interest or in the exercise of official authority vested in the Union institution or body (Art. 5 (1) (a) of the Regulation (EU) 2018/1725) carried out in support of this event.

Technical means

Eurojust’s video conferencing system is based on Cisco solutions that are hosted on the Eurojust premises and operated entirely by Eurojust postholders.

External participants can access video conferences hosted by Eurojust using various solutions and protocols including various hardware clients (video conference equipment), software clients (for desktops and smartphones) or browser plugins.

The browser plugin is available to be downloaded from a web service hosted by Eurojust. For some browsers, however, additional software modules have to be installed by the user, which are hosted on third-party websites. For such modules, as well as for hardware and software clients not provided by Eurojust, external users are referred to the privacy notice of the respective solution provider.

3. Who has access to your personal data and to whom is it disclosed?

With regard to the organisation of the event – and solely for this purpose – duly authorised staff members from the Events and Logistics Units and Information Management will also have access to the data on a need to know basis.

If a third party solution is used to access the video conference, as explained in Section 2. Technical means above, then the respective third party solution provider may process personal data in accordance with their privacy policies and notices.

4. How do we protect and safeguard your information?

We take appropriate technical and organizational measures in order to safeguard and protect your personal data from accidental or unlawful destruction, loss, alteration, unauthorized disclosure or access.

All IT tools at Eurojust are used according to a standard set of security and are thoroughly tested accordingly, to ensure robustness and reliability.

5. How long do we keep your personal data?

Personal data generated during the videoconference are generally stored for the period of time necessary to achieve the purpose for which they have been processed. To know how long we keep your personal data using the Eurojust videoconferencing system based on Webex, please consult the
Data protection notice for the processing of personal data in the context of the use of WebEx meetings.

6. How can you verify, modify or delete your information?
You have the right to access, rectify or erase or restrict the processing of your personal data or, where applicable, the right to object to processing or the right to data portability in line with Regulation (EU) 2018/1725. For more information, please see Articles 14 to 21, 23 and 24 of Regulation (EU) 2018/1725. Any such request should be directed to the data controller by using the following email address: operations@eurojust.europa.eu.

7. Contact information
In case of queries regarding the processing of personal data: Eurojust Data Protection Officer can be contacted via email at dpo@eurojust.europa.eu.

8. Recourse
You have the right of recourse to the European Data Protection Supervisor (EDPS) via email: edps@edps.europa.eu or following the link: (https://edps.europa.eu/data-protection/our-role-supervisor/complaints_en).
