

EUROJUST'S JITS FUNDING PROGRAMME

A high return on investment of EU taxpayers' money

1 COMMON CHALLENGES

The transnational dimension of cross-border investigations poses several practical challenges for the national authorities involved.

- Travel constraints
- Language barriers
- Limited access to operational equipment

A YEAR OF JITS FUNDING*

92 JITS funded
representing **32** EU States and third countries

EUR 2.7 million in funds awarded

3 OPERATIONAL SUCCESSES

EUR 1.3 billion in drugs seized

752 suspects arrested

10 284 victims helped

EUR 504 million in criminal assets seized, frozen or confiscated

2 FUNDED ACTIONS

Interpretation and translation

25 850 hours of interpretation (equivalent to 39 months, 24/7)

25 284 pages of translation of information and evidence (equivalent to 25 volumes of encyclopedia Britannica)

38 languages

Interpretation and translation allows JIT partners to effectively investigate across borders and bring charges at national level.

Travel and accommodation

117 trips, covering **308 309** kms and involving **22** countries

455 overnight stays

153 JIT members supported (e.g. police officers, prosecutors and investigative judges)

Travel and accommodation costs enables national authorities in a JIT to meet, prepare and execute operations.

Operational support

55 operational activities (meetings, coordinated actions, transfers of seized items and evidentiary material)

108 loans of equipment (smartphones, secure laptops, mobile scanners and printers)

Operational support enables investigators and prosecutors to efficiently work together.

* Figures in this infographic are based on the latest data available within the JITS funding cycle at the time of publication. **They cover the period 02/10/2020 - 01/10/2021.**
